Continued Examination Under 37 CFR 1.114

Applicant's response of 9/13/05 has been considered with the following results.

Receipt is acknowledged of a request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e) and a submission, filed on 9/13/05.

The submission, however, is not fully responsive to the prior Office action because

The claims as now presented are drawn to a fault correction system wherein means or steps wherein recovery is controlled through monitoring of the power supply status, classifiable in 714/ ^{5 or 15}

Previously presented claims required no such recovery control predicated upon the monitored status power, i.e., not drawn to such a fault recovery process/means, i.e., previously presented claims classified in class 369/30.36.

Since the submission appears to be a *bona fide* attempt to provide a complete reply to the prior Office action, applicant is given a shortened statutory period of ONE MONTH or THIRTY DAYS from the mailing date of this letter, whichever is longer, to submit a complete reply. This shortened statutory period for reply supersedes the time period set in the prior Office action. This time period may be extended pursuant to 37 CFR 1.136(a).
